Major Research Interests

1. Clinical Librarianship
2. Library Sustainability
3. Technology in Libraries
4. Electronic Collection Maintenance and Organization
5. User Experience, Marketing, and Brand Identity Management

My primary interest is how best to connect people with information in an electronic environment. I am interested in working closely with library users and assessing their needs in order to devise strategies and training which can assist them in finding, retrieving, and assessing the quality of information.
